

# PULSCO LPT Performance

## Liquid Pulsation Dampener

### Benefits

- Reduces Airborne Noise
- Reduces Pressure Ripples
- Reduces Induced Vibration
- Reduces System Total Cost of Operation
- Improves Particle Filtration
- Extends system life cycle by reducing pulsations that cause piping degradation

### Industries

- Aerospace & Defense
- Naval & Marine
- Oil & Gas Refining
- Industrial & Heavy Equipment
- Materials Conveyance Systems
- Process Manufacturing
- Food & Beverage
- Pharmaceutical

90%+ REDUCTION IN PULSE AMPLITUDE

20DB+ REDUCTION IN NOISE

NO MAINTENANCE

ONE TIME INSTALLATION
